## Objective

Currently employed as a psychometrist in Neurology Department at the Medical College of Wisconsin. This position is mainly for research purposes only.

## Skills

Management, Psychometrist, Social Services.

## Work Experience

### Psychometrist

#### **Saint Francis Community Services - Salina West PRTF - July 2013 - 2020**

- Assisted in the evaluation or refinement of testing procedures to meet special needs or improve the value of tests or a test battery.
- Maintained records related to the testing program; assist staff with research, such as maintaining a database of neuropsychological scores/data.
- Demonstrated ability to adapt to change in the evaluation of patients with differing disabilities during complex and extensive testing modalities.
- Demonstrated ability to operate a network-based computer and testing software to administer psychological and functional behavioral assessments.
- Demonstrated ability to establish an effective working relationship with office staff and providers.
- Provided direct in-home services including parenting/life skills, child development, and behavior management to ensure clients rights are protected.
- Participated in case conferences with the 8th Judicial Assistant District Attorney and Guardian Ad Litem (GAL).

### Psychometrist

#### **ABC Corporation - 2009 - 2013**

- I worked with John Meyers a clinical neuropsychologist in Sioux City in different locations.
- We were attached to a Rehabilitation Center with Mercy Medical Center and then moved our office to the Center for Neurosciences Orthopedic and Spine.
- In both locations I was responsible for administering and scoring the neuropsychological assessments on individuals ranging from 6 to 102 with various cognitive impairments.
- Building trust and rapport with patients to complete the battery of tests ordered by Dr. Meyers.
- All tests were scored and on his desk by the end of the day so he could get results back to the referring doctors within 48 hours..
- This is Dummy Description data, Replace with job description relevant to your current role.

## Education

Bachelor of Science in Psychology - (Kaplan University)
