WORK EXPERIENCE

Stagehand/Analyst

ABC Corporation - February 1998 – June 2004

- Arranged and operated theatrical systems, equipment, and components such as lighting, electrical, rigging, staging, scenery, communications.
- Provided artistic and technical support and expertise in producing shows.
- Consulted with producers on utilizing all aspects of the facility, procedures, equipment, requirements, set-ups, etc.
- Assisted producers during shows to accommodate their needs (i.e., seating, orchestra pits, curtains, dressing rooms).
- Maintained, replaced and repaired stage equipment and components such as lights, ropes, wire cables, sound cables, microphones.
- Checked facility and equipment for possible hazards to the public and those utilizing the venue.
- Collaborated with producers to achieve desired lighting effects through the use, placement, intensity, and color of lighting.

Stagehand

ABC Corporation - 1994 – 1998

- My over all duties were to help build the set, if it was not a rental.
- Help set up and oversee construction of the installation in the theater.
- Which consisted up ground rigging any flying drops, walls or anything the designer could imagine then counter weight it up on the arbor, Along with helping lighting with their light installations and pre-focus.
- After that is completed, the crew and myself, begin the process of putting said set together.
- Once completed I would assist the load in of costumes, props and the production office.
- Run the remainder of the show, cleaning and running scene shifts.
- And then once the show closes take it all down..

SCHOLASTICS

- BACHELORS OF SCIENCE in INFORMATION SYSTEMS - 2007(University of Phoenix - Houston, TX)
