SKILLS

Lean Six Sigma - Black Belt.

WORK EXPERIENCE

Chief Operations Officer

U.S. Army Rapid Equipping Force - September 2011 – 2019

- An integral member of the Armys premier rapid prototyping and emerging technologies unit responsible for providing rapid access to commercial off-the-shelf and government off-the-shelf solutions to improve soldier lethality, survivability and force protection.
- Conducted operational assessments of developmental technologies to facilitate Headquarters, Department of the Army decisions on transition, spiral development or termination of new initiatives.
- Provided strategic planning and solutions to theater-level complex problem sets while deployed to Afghanistan.
- Managed the shipment, delivery, training, and sustainment of 11 major systems in excess of \$200M while deployed to Afghanistan.
- Oversaw the training plans, logistics, and operations for 60 DoD contracts and government employees spread across Afghanistan.
- Developed and implemented the Armys Energy to the Edge program, providing hybrid energy solutions out to several austere locations in Afghanistan saving thousands of gallons of fuel and man hours annually.
- Lead three expeditionary laboratories in Afghanistan providing rapid prototype solutions to soldiers while leveraging Haas C&C, 3D printing and computer-aided drafting machines.

Operations Officer

ABC Corporation - 2009 – 2011

- Department of Defense Agency.
- Directed operations for an 86-person Security Branch, ensuring the protection of two geographically separated sites housing 25 intelligence cells, a one-of-a-kind gateway communication system and three printing presses that create over 45 million maps annually for use by the armed forces during land, air and sea contingency operations.
- Directs Force Protection Working Group and Threat Working Group operations, enhancing the protection of 3,000 employees and one billion dollars in resources.

- Oversees the completion of annual risk and vulnerability assessments.
- Guides agency's exercise and evaluation team to develop and execute scenarios to test readiness and security.
- Served on Saint Louis City Antiterrorism Threat Working Group.
- Worked with local, state and federal law enforcement agencies to share intelligence to thwart or deter terrorist surveillance and attacks.

SCHOLASTICS

- - (U.S. Army Command and General Staff College)
