SUMMARY

For the past 7 - 8 years I've been working in the electrical and some computer field. I have done work in industrial to (PLC) Program Logic Controls. Which I do have a certificate for taking a PLC course back in 2010 in Garden City,KS at Garden City Community College. I have also done commercial work for my father-in-law's private electrical business. Build VFD cabinets for the oilfield and control cabinets for ski lifts as well.

SKILLS

Bilingual English and Spanish.

WORK EXPERIENCE

Driller Helper/

ABC Corporation - January 2011 - July 2011

- Packaged the samples and brought them back to the lab where they were tested.
- Tested the foundation of the samples for future construction projects and also pipelines.
- Learned about how the earth was different everywhere you go.
- Demonstrated skills such as dealing with people or clients from all over the state and other offices.
- Connected all grout hoses, set up the auger, and leads off the ground.
- Checked and secured 3rd line, assemble aluminum cans, drill piles, flag in grout trucks, mix intrusion aid to correct standard and texture.
- Assembled grout pump, grease seals and lids, keep logs of pump hours, disassemble and clean pump daily, clean job site.

Driller Helper

ABC Corporation - 2006 - 2011

- Driller assistant had many duties such as mixing drilling fluids.
- Handled core samples for the client.
- Kept job site clean of any safety hazards and fluid spills that may have been present.
- Worked on hydraulic leaks and replaced many components on the rig when problems occurred.
- Took pride in keeping co workers and myself safe during and after work hours.
- Had over 50 hours of control time as a driller in training.
- I brought a positive attitude to the work site and learned many skills that will be with me for years to come..

EDUCATION

Welding certified in Welding - 2008(Folkes Campus- Louisiana Technical College - Jackson, LA)
