

Robert Smith

Mastering Department Supervisor

PERSONAL STATEMENT

8+ years of experience as a Department Supervisor. Supervisory or managerial role at an innovative production or manufacturing plant. I have extensive experience in manufacturing thermoplastics and advanced materials, and I am open to exploring opportunities in other related or emerging industrial areas.

WORK EXPERIENCE

Mastering Department Supervisor

ABC Corporation - July 2014 - Present

Responsibilities:

- Oversee floor production operations of the blow-molding department, including safety as the first and foremost priority.
- Execution of continuous improvement initiatives related to total quality management (TQM) for less waste.
- Machine and worker safety (iso-9001) cost savings through process efficiency.
- Technical task supervision, including TQM procedures for color, mold, and insert changes.
- Responsible for ensuring timely skill development of operators, maintenance techs, and line-workers including accountability through performance reviews related to job responsibilities.
- Implementation of marketing materials, markdowns, promotional sales to meet financial targets.
- Communicating with vendors regarding inventory, special orders, and tracking.

Operations Supervisor

ABC Corporation - March 2011 - June 2014

Responsibilities:

- Managed the operations of the production floor with 20+ full-time employees and 15+ temporary associates; daily duties include scheduling of labor based on varying production needs.
- Maintained a safe, efficient, and effective environment with an emphasis on quality.
- Additional responsibilities for completing weekly inventory counts, maintaining AIB compliance, quality and maintenance audits, employee yearly reviews, safety improvements, scrap reduction, reprocessing and management of regrind.
- Developed policies and procedures administered discipline and communicated with the scheduler, maintenance, and plant manager to coordinate plant operations.
- Assisted the front office with all guest issues, and daily operations. While maintaining an authentic approach to hospitality.
- Aided AGM with our yearly internal audit to ensure all policies and rules are being enforced and used on a daily basis, which resulted in an almost 4% increase over last years audit.
