DJ

ABC Corporation - 2000 - 2005

Responsibilities:

- Responsibilities My best friend and I started a DJ business shortly after we graduated high school.
- My responsibilities included advertising, marketing, setup, and take down of equipment and being able to entertain various crowds of people.
- Accomplishments My biggest accomplishment with this job was owning my own business and being able to create a successful product.
- Was able to use this as a way to pay for school and not depend on my parents at an early age in life.
- Skills Used The skills that I used to make this a success was the ability to make relationships with all different types of people.
- Feel like my greatest strength is being personable and making others feel comfortable in almost any situation..
