### SUMMARY

Experience in building developing reports, and analyzing OLAP data. Worked in various environments linking data from multiple sources, applying several functionalities, and using various Data Providers.

### SKILLS

Team work, Direct Marketing, Network Management.

### WORK EXPERIENCE

#### Business Objects Consultant

Lincoln Financial Group - August 2014 - 2020

- Involved in the Implementation of Agile (SCRUM) Methodology.
- Involved in the conversion Project from DESKI to WEBI before BO 4.0.
- Upgraded where conversion involved new Universes.
- Worked on the cleansing of the universe and split universe into 4 different universes.
- Extensively worked on the Custom SQL code to simplify it in the new universe for the Custom SQL reports.
- Defined and created Classes, Objects, Users and Conditions.
- Worked as the Designer in designing the OLAP Universes.

#### Business Objects Consultant

Delta Corporation - 2012 - 2014

- Experienced in whole security model in creating the users, assigning to groups and folders, implementing restrictions on folders.
- Developed a complex universe with a total of 12 modules in which customer module alone contains 3000 measure objects.
- Used Informatica Powercenter 9.0 to extract & Load data from Data Sources into the Data Marts.
- Created complex mappings.
- Created Complex Reports using Drill down, Cross tab and Charts.
- Used the drill functionality, ranking, sorting, complex alert and complex variables in full client reports.
- This is Dummy Description data, Replace with job description relevant to your current role.
