SUMMARY

Over 5 years of diversified experience in Software Quality Assurance with skills in Manual, Automated testing of client/server, distributed web-based system. Experienced on Mercury Test Suit (Test Director/ Quality Center, LoadRunner and Quick Test Professional). Extensive experience in Manual /Automated testing of Web based and Client/Server applications with proficiency in Load and Performance Testing.

SKILLS

Leadership, Tester.

WORK EXPERIENCE

Performance Tester

Deloitte & Touche - February 2015 – 2020

- Defined Rendezvous point to create intense load on the server to measure the server performance under load.
- Analyzed results of Transactions Response time, Transaction Summary by Vusers, Hit per Second, Throughput and merged graphs using LR Analysis tool.
- Performance Tested Most of the Modules of HCM and FSCM.
- Monitored the Web, App, Process Server and DB Servers while the System is under testing Closely.
- Monitored SQL Traces using People Tools SQL Trace, Application Server Logs, Batch Timings Reports, Webserver Access Logs and process Monitors, etc.
- Inserted Transactions, Checkpoints into VuGen Scripts as well as parameterize & correlate the scripts.
- Carried out multiple phases of load tests and schedule them as per requirements.

Performance Tester

Delta Corporation - 2011 – 2015

- Working with Rational Performance Tester, recorded test scripts for testing.
- Ran multiple large tests with the team to see where performance was lacking in the system.
- Wrote reports to give to lead about different scenarios.
- Analyzed server resources such as Total Processing Times, Available Bytes, Process Bytes and Heap Usages to look for performance bottlenecks Analyzed .
- Location Chennai, Tamil Nadu, India Technologies Used Siebel CRM, Oracle Fusion Middleware, C language, SQL and Oracle database Tools Used HP .
- Performance testing using Loadrunner products VuGen, Controller, and Report Analysis.
- Created over 100 VuGen scripts for TUXEDO, WEB, Java, Java RMI, TIBCO, and telnet protocols Created and executed over 40 controller scenarios Use .
