## SUMMARY

Highly qualified System Tester with experience in the industry. Enjoy creative problem solving and getting exposure on multiple projects, and would excel in the collaborative environment on which your company prides itself.

## SKILLS

JavaScript, ASP and PHP.

## WORK EXPERIENCE

### System Tester

ABC Corporation - January 2012 – January 2013

- Emplaced, powered-up, operated, powered-down, and displaced a variety of new equipment for the purpose of testing and evaluation for potential Department of the Army acquisition.
- Operated the equipment over extensive hours, in various environmental conditions, and in diverse operational scenarios.
- Documented and collected extremely important and critical analysis data throughout the testing period.
- Utilized an industry standard database for data collection.
- Required to remain vigilant through a plethora of testing vignettes for long durations.
- Actively participated and became a cohesive part of multiple collection teams.
- Provided immediate oral feedback on equipment issues and anomalies to supervisors.

### System Tester

Delta Corporation - 2011 – 2012

- Tested and wrote corresponding system test case documentation for projects completed by Internal Commissions development group before the code was moved to User Acceptance Testing and then Production.
- Supported User Acceptance Testing as necessary.
- System Requirements Engineer - wrote system requirements documentation for Internal Commissions projects proposed by the Commissions Accounting and Commissions Operations customer groups.
- Project Tracking - primary resource for tracking, updating, creating spreadsheets and holding weekly meetings regarding the status of projects being worked by our External Commissions development groups using a project tracking program from EDS called Aldea.
- Previously responsible for tracking the progress of all projects assessed by group using a database created in MS Access.
- Department Web Page - designed, developed and maintained the Commercial Commission Systems department website.
- Created using Dreamweaver, Fireworks and Freehand.

## EDUCATION

Associate of Applied Science in Electronics Technology - May 2009(Cochise College - Sierra Vista, AZ)
